

SUE HUMMER FOUNDERS' DAY SERVICE PROJECTS **HAMILTON COUNTY COUNCIL of PTAs'**

Council's Yearly Service Project was started in 2004 by a long time PTA member/supporter, Sue Hummer. Sue served many years in various positions in her hometown district of Finneytown and on Council's board. She served as Council President in 2003-2004. Unfortunately Sue left us way too soon and Council wanted to honor her memory for all of her service to PTAs both locally and on the county level. What better way to do this than to name the project that she first started after her. The Sue Hummer Founders' Day Service Project would not succeed; however, without the many generous units belonging to Council. The following is a list of the agencies/groups that our units have helped since this worthy project was first initiated.
