

Happy Birthday PTA!

February is the month in which we celebrate the founding of the PTA. There are many birthday's to celebrate. **National PTA** is celebrating **114** years of existence. It was on February 17th, 1897, that about 2000 people gathered in Washington DC to speak on behalf of the needs of children. Out of this meeting came the National Congress of Mothers later to become the National PTA. The co-founders of this effort were Alice McLellan Birney and Phoebe Apperson Hearst. We also recognize Selena Sloan Butler who founded the National Congress of Colored Parents and Teachers in 1926, which merged with the National PTA in 1970. In 1897 three fourths of all American children dropped out of school before reaching 5th grade to work in mines, factories or farms.

Ohio PTA became the 5th state to join NPTA in **1901**. Our **Hamilton County Council of PTAs** is celebrating **90** years of existence. It started representing 9 school districts, but now is comprised of 6 (Finneytown, HC DD Services, Northwest, Oak Hills, Southwest, and Three Rivers).

Here are some highlights of PTA:

- 1899, called for the creation of a national health bureau

- 2005, Public Service Announcements (PSA) released and given to units to encourage parent involvement, partnered with the National Ad Council
- Since their inception our PTAs have provided support for our staff and students through coordinating volunteers, providing "extra" educational materials, providing enrichment opportunities with in schools, helping to educate and inform parents and teachers through newsletters and programs

Celebrating each of the levels of PTA together is very fitting because it reflects the connection we have as evidenced by PTA's official emblem, the oak tree. The trunk represents National PTA, the main branches are the states and congresses, the smaller branches are the districts and councils, the twigs are the local units, and the leaves are the millions of members (currently over 6 million). The acorns represent the accomplishments which are many. It is the integral connection of the members all the way to National PTA that gives us strength in advocating and sharing of knowledge. This unity inspired the PTA motto of *Everychild.Onevoice*.

PTA has also been working on providing membership benefits. The back of your PTA membership card contains a username and password to access special information on parenting and other topics from the website www.pta.org. There are periodic discounts with stores, insurance and events. Training is also available through different levels of PTA.

All we do is to be in support of our PTA Mission of:

- A powerful voice for all children
- A relevant resource for families and communities; and
- A strong advocate for the education and well-being of every child.

You should feel a sense of pride in your participation in this great organization. Happy Birthday to PTA and pat yourself on the back for helping to make a difference!
